2009 Goal	Accomplished? Y/N	Comments (from GHAAC members at December GHAAC meeting)
		<i>*Participated in KCAC and Suquamish Open Houses</i>
Review potential structural improvements to the GHAAC including bylaws, membership application process, management of funds, and involvement with other North District CAC's	<i>Ongoing</i>	<p><b><i>Membership appointment process. And GHAAC has no funds to manage and anticipates none.</i></b></p> <p><i>*Draft bylaw change presented to GHAAC members; follow through expected in 2010 unless legal issues affect adoption or implementation</i></p>

**OTHER 2009 ACCOMPLISHMENTS**

Community/County Planning Process:

- Planning Document approved by County

GHAAC Committees (other than Planning):

- Governance committee established and began to review bylaws and surface any issues important to further operation

Additional Actions:

- Support Point No Point neighbor's concerns and send letter to County requesting enhanced enforcement at Point No Point - completed and great progress
- Continue to encourage County attention and action on Eyer nuisance property
- Follow up regarding storm water issues – continuing – making progress
- Participate in Kingston and Suquamish community Open Houses
- Set up meeting to discuss early neighborhood impacts with County engineer on road redesign project
- Regularly provided information to neighbors about issues and solicited their opinions about those issues

2010 Work Plan**

**Part 3: Proposed Goals/Objectives or Plans for 2010**

<b>Proposed 2010 Goal</b> (from December GHAAC meeting)	<b>Comments</b>
Increase community educational efforts by providing speakers on issues of community import and publicizing these events so that the maximum number of interested parties can attend.	completed  continuing to engage speakers of interest and importance to the community
Complete GHA Community Plan	Completed concept plan and was adopted by Board of County Commissioners. Utilize web to increase knowledge about other planning efforts Invite other groups to share information about their planning.
Work to complete some of the goals and projects begun in 2008 --Emergency Preparedness  --Governance Committee	--Establish a coordinating committee to assist neighborhoods with Disaster Preparedness Plans and determine what issues should be community wide vs. neighborhood  --Review bylaws for modifications as appropriate when able to do so. Governance committee to focus particularly as it pertains to organization, representation, and member succession.
More effectively follow up on efforts begun or education programs	--Disaster preparedness (see above) --Ferry issues; determine whether there is a community consensus --Others
Enhance communication efforts by developing and adopting an official communications plan; coordinate plan	Communications plan was developed and adopted by GHAAC as well as being held as a model for other CAC's
